PLEASE DON'T MIX THE YARD WASTE! KEEP THE GREEN CLEAN!

- **NO FOOD WASTE!**
- **NO PLASTIC BAGS!**
- **NO PALM OR CACTUS!**
- **NO ANIMAL WASTE!**
- **ABSOLUTELY NO TRASH!**

Your participation in the City of South Pasadena's Residential Yard Waste Collection Program is vital to its success. This is a courtesy reminder regarding the details of the program in order to assure that ALL YARD WASTE IS RECYCLED.

YARD WASTE RECYCLING PROGRAM

What is yard waste?

Yard Waste is grass clippings, leaves, and tree trimmings.

Is this program mandatory?

Yes! Everyone needs to participate in order for the City to meet the tough standards established by the State of California.

What yard waste cannot be mulched?

Tree trimmings larger than 4 inches in diameter, palm fronds, yucca, cactus, and succulents should be thrown in regular trash.

What will become of my yard waste?

It will be recycled into landfill cover, fertilizer or soil conditioner.

How do I recycle yard waste?

- 1.) Place your yard waste directly into barrel(s) marked with Yard Waste stickers. To avoid contamination of yard waste, do not put yard waste into plastic or paper bags. Trimmings tied and bundled into no more than 4-foot lengths will be collected if placed next to barrels.
- 2.) Set the Yard Waste barrel(s) next to your regular trash barrels on your regular collection day. Residents are permitted up to 220 gallons of trash/green waste collection weekly; that is equivalent to six 35-gallon trash containers, any number of which can be labeled for yard waste. Please remember to turn the green waste barrel(s) so the decal is visible to the collection crew.

If you need more decals, you may pick them up at City Hall or call us at (888) 336-6100.

Last year South Pasadena recycled over 10,764 tons of yard waste and other recyclables!

Thank you for your continued participation!
